

Michael Rodriguez

michael.r@email.com Austin, TX

Professional Summary

IA developer with 5 years of experience implementing cognitive enhancement solutions. Specialized in Python-based neural interface development.

Education

- MS in Computer Science, Georgia Tech (2018)
- BS in Computer Engineering, University of Texas (2016)

Experience

IA Developer, CogniTech Solutions (2018-Present)

- Developed neural interface modules for cognitive enhancement platform
- Implemented machine learning algorithms for user adaptation
- Collaborated with UX team to optimize interface design

Junior IA Developer, BrainBoost LLC (2016-2018)

- Assisted in development of cognitive training applications
- Maintained and optimized existing codebase
- Contributed to documentation and testing protocols
